

**NEW** Multi-wavelength  
**Diode laser hair removal**

- New AI Intelligent software
- 2400W handheld handpiece with screen
- 3 different tips to replace

**4 Wavelengths**

- 755nm** Suitable for light skin hair removal
- 808nm** Suitable for neutral skin hair removal
- 940nm** This wavelength provides better absorption by oxyhaemoglobin (coagulation of microvessels that feed the hair root) and a moderate penetration depth that makes it suitable for treating all hairtypes. Melanin absorption is low, making it very safe for working with dark phototypes.
- 1064nm** Suitable for black skin hair removal

**New generation Diode Laser handle with 5 different tips replace**, Support nose, mouth, face and whole body treatment at once

**2400W Handpiece**

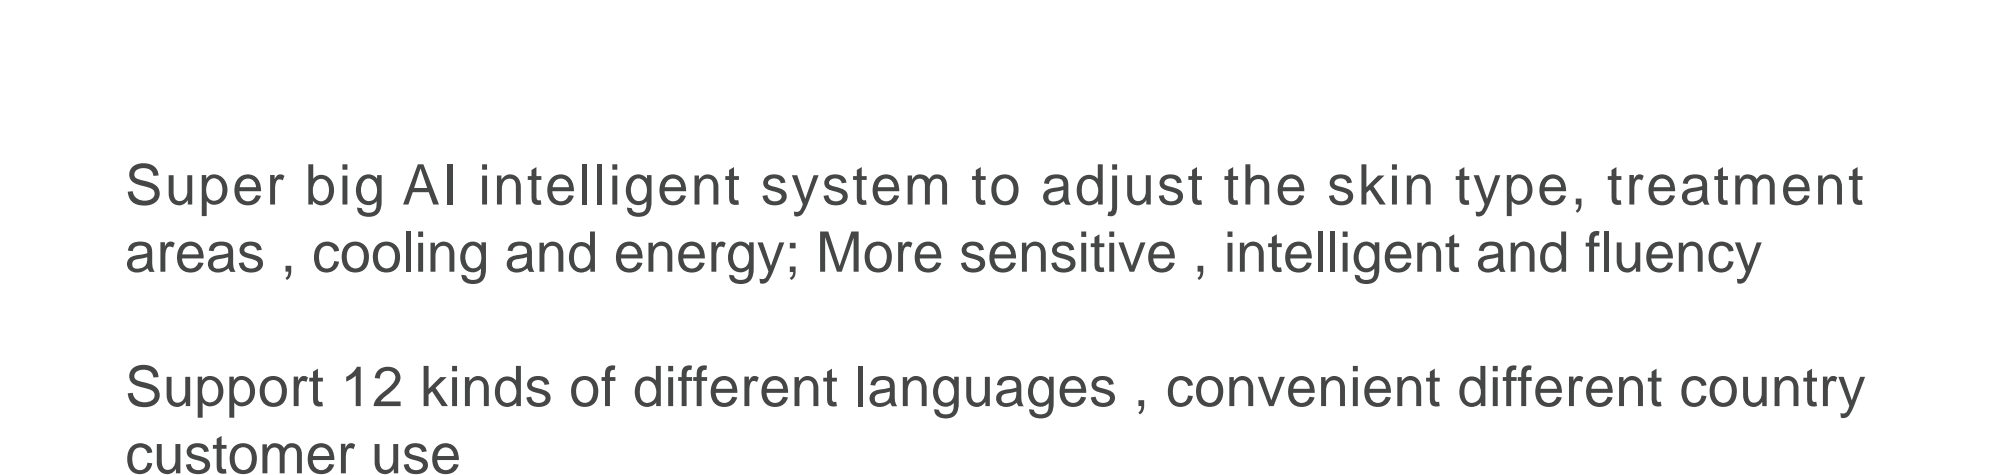

**New Design**

- 01 Advantage**: Exclusive designed handheld 2400W handpiece is suitable for artificial mechanics, more humanised.
- 02 Advantage**: Double screen on the handpiece: One Colourful touch screen can adjust the parameter, it is synchronously with machine screen, One screen show logo
- 03 Advantage**: Exclusive designed handheld 2400W handpiece is suitable for artificial mechanics, more humanised.
- 04 Advantage**: Double screen on the handpiece: One Colourful touch screen can adjust the parameter, it is synchronously with machine screen, One screen show logo

**Identify automatically**  
**Calibrate energy automatically**

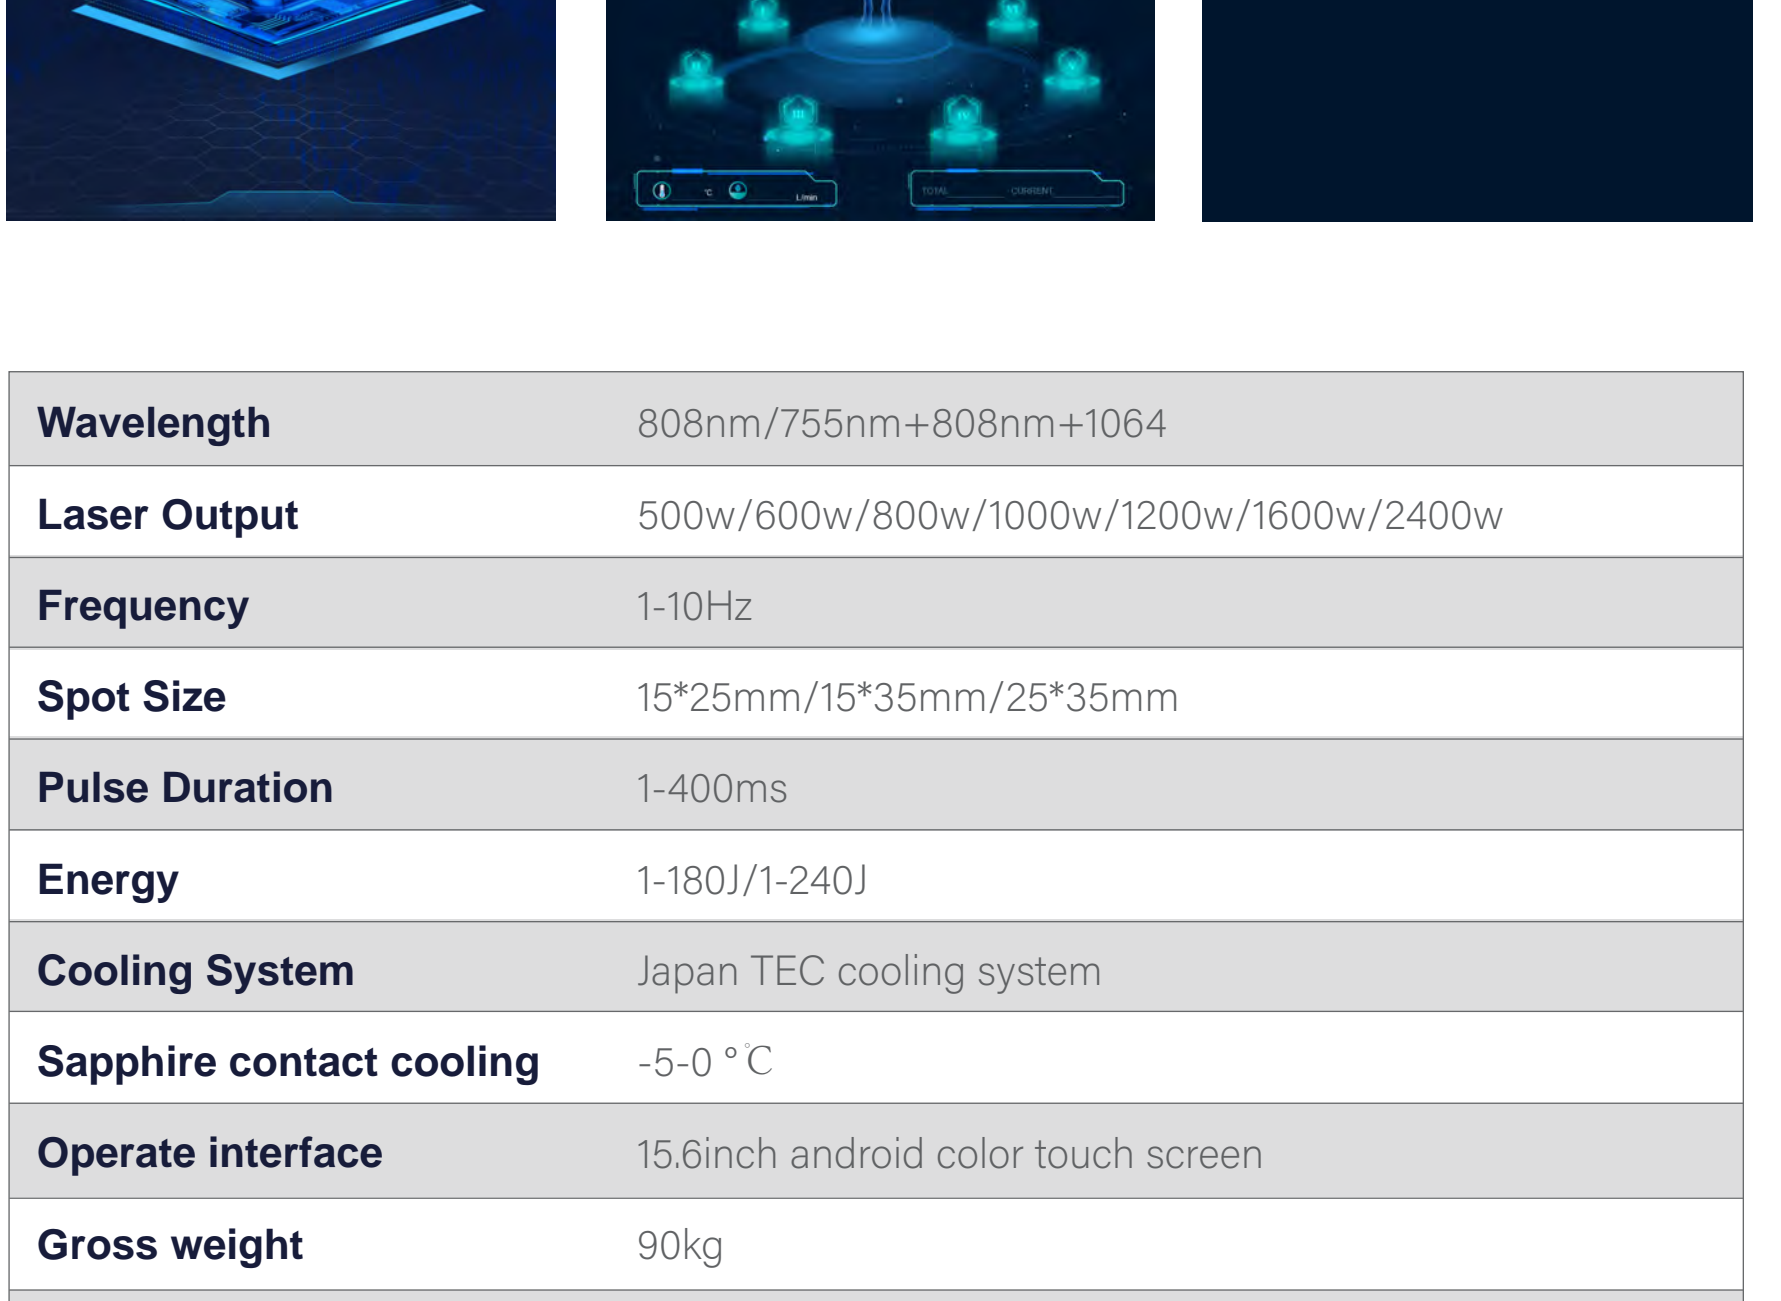

**3 changeable tips** Suitable For Large Areas

- 6\*6 mm
- 20\*20 mm
- 25\*30 mm

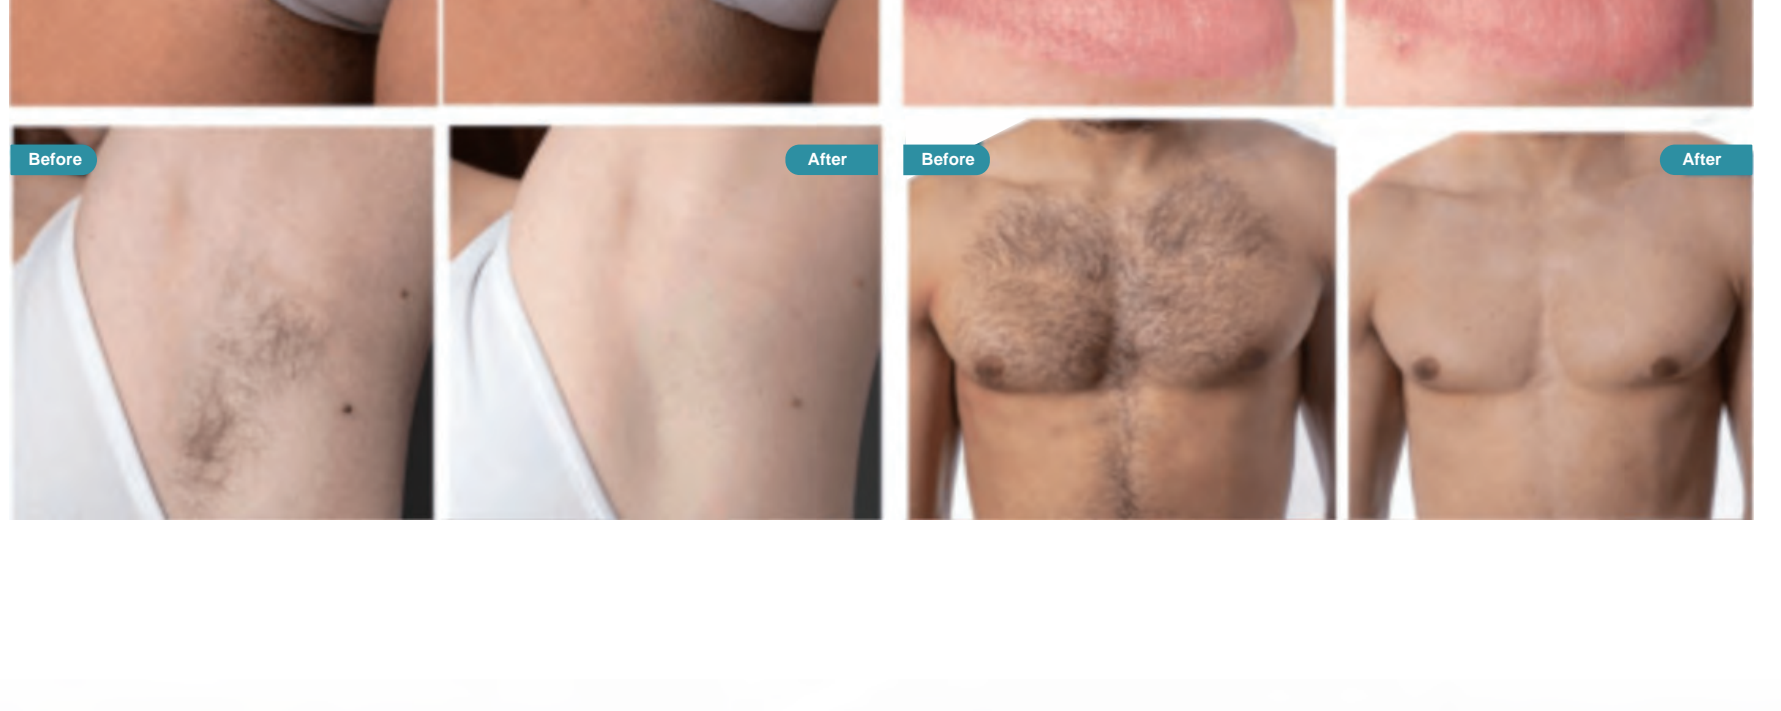

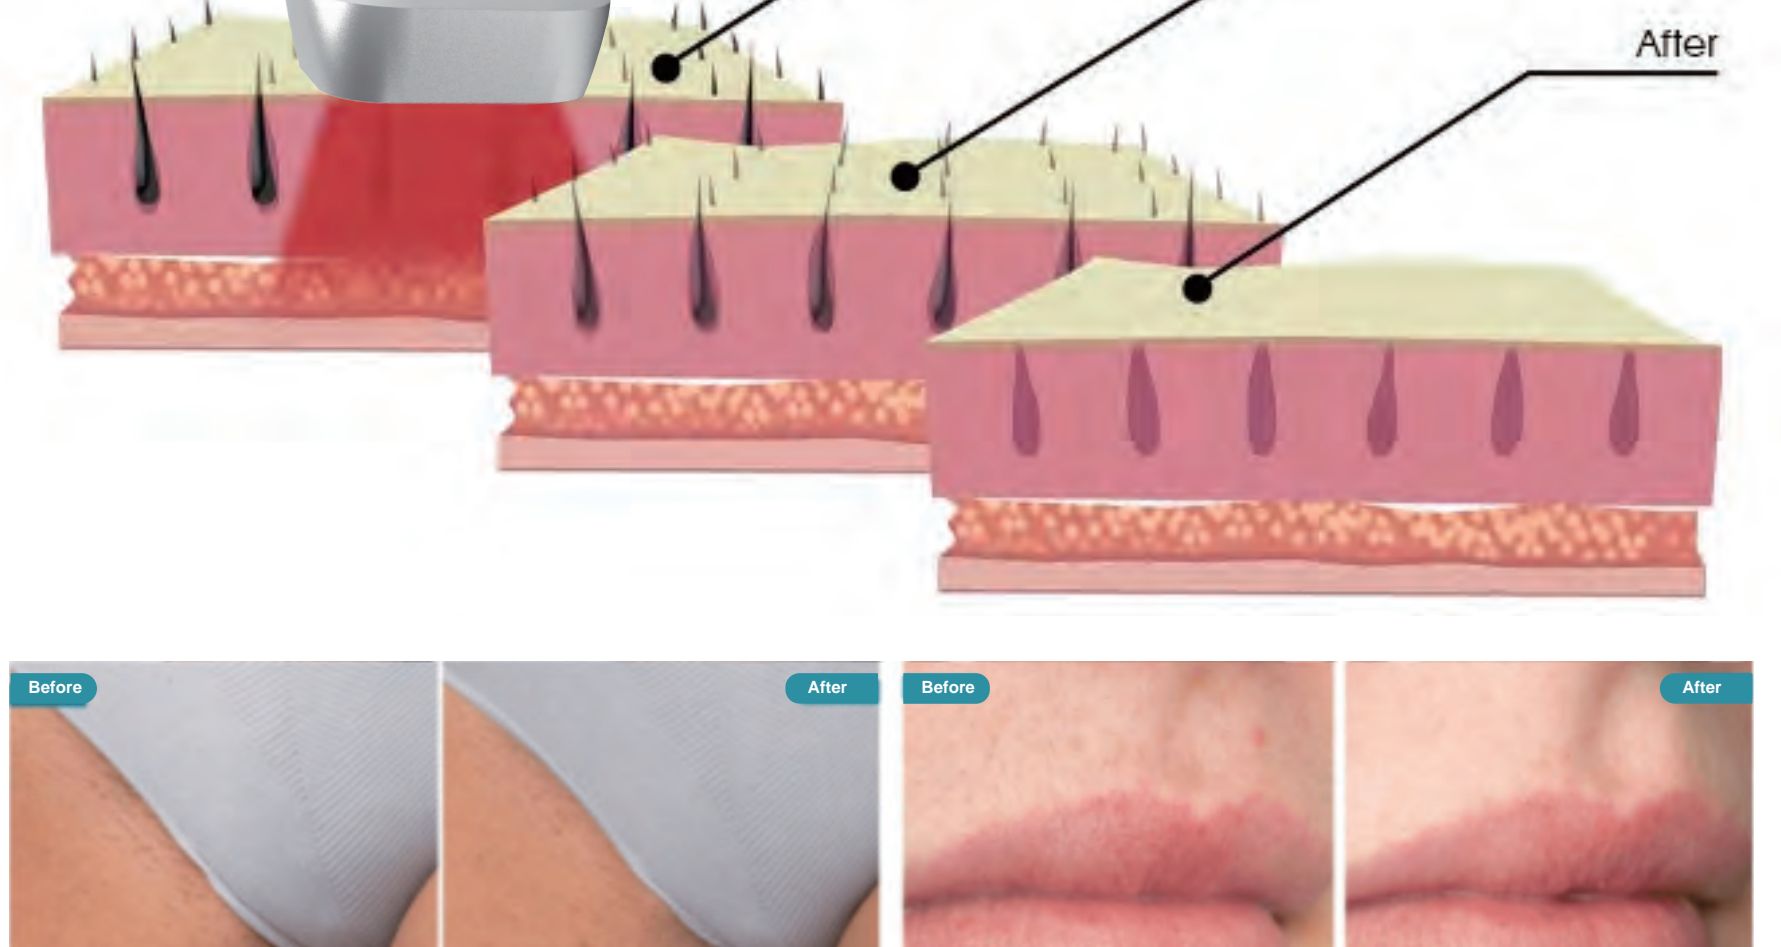

Super big AI intelligent system to adjust the skin type, treatment areas, cooling and energy; More sensitive, intelligent and fluency

Support 12 kinds of different languages, convenient different country customer use

<b>Wavelength</b>	808nm/755nm+808nm+1064
<b>Laser Output</b>	500w/600w/800w/1000w/1200w/1600w/2400w
<b>Frequency</b>	1-10Hz
<b>Spot Size</b>	15*25mm/15*35mm/25*35mm
<b>Pulse Duration</b>	1-400ms
<b>Energy</b>	1-180J/1-240J
<b>Cooling System</b>	Japan TEC cooling system
<b>Sapphire contact cooling</b>	-5-0 °C
<b>Operate interface</b>	15.6inch android color touch screen
<b>Gross weight</b>	90kg
<b>Size</b>	65*65*125cm

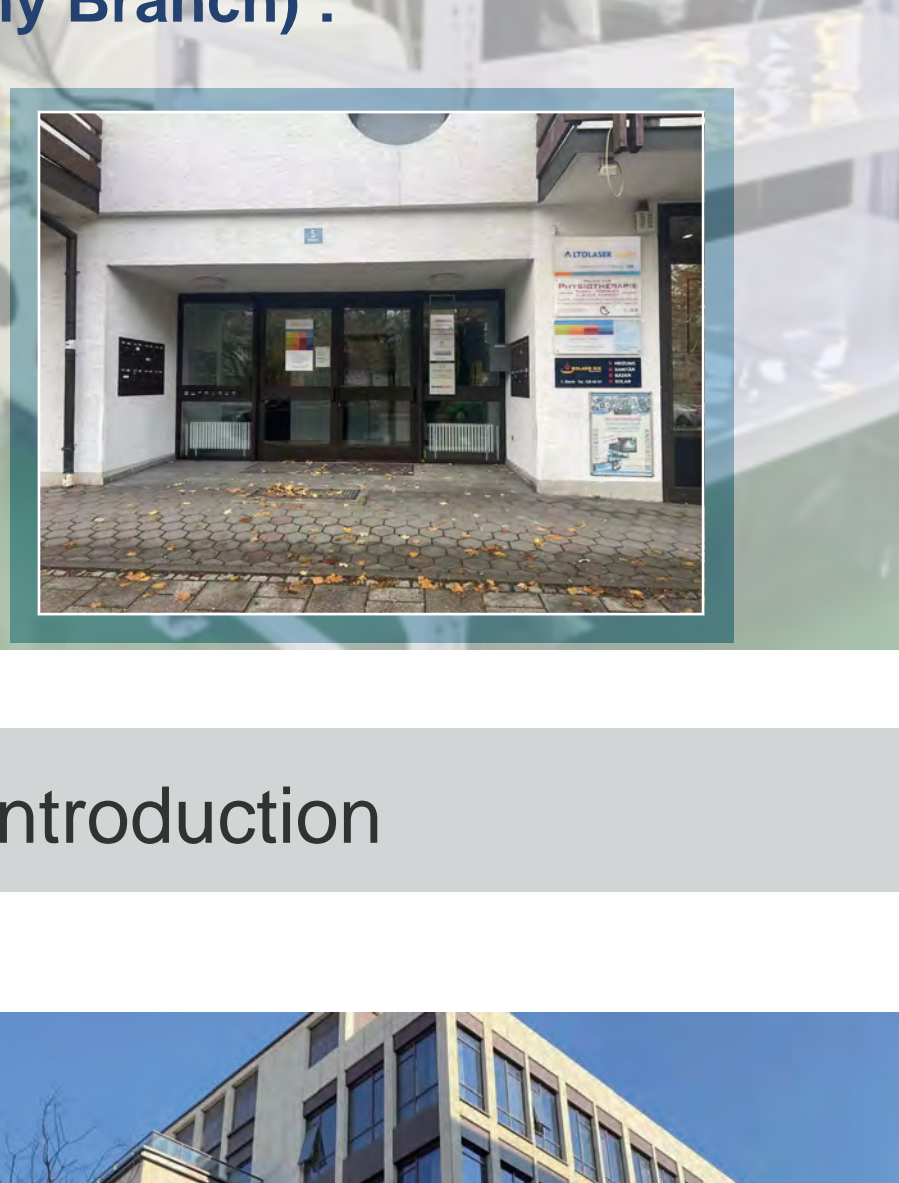

**Professional Beauty & Medical Equipment Manufacturer**

With a 800m<sup>2</sup> Factory Area, 6 Production Lines  
 The Best Choice for Distributors and End Customers

**ALTOLASER GmbH (Germany Branch):**

We have Branch Office in Germany Munich which is cover whole Europe. We provide sale, maintain and after sales service on local market.

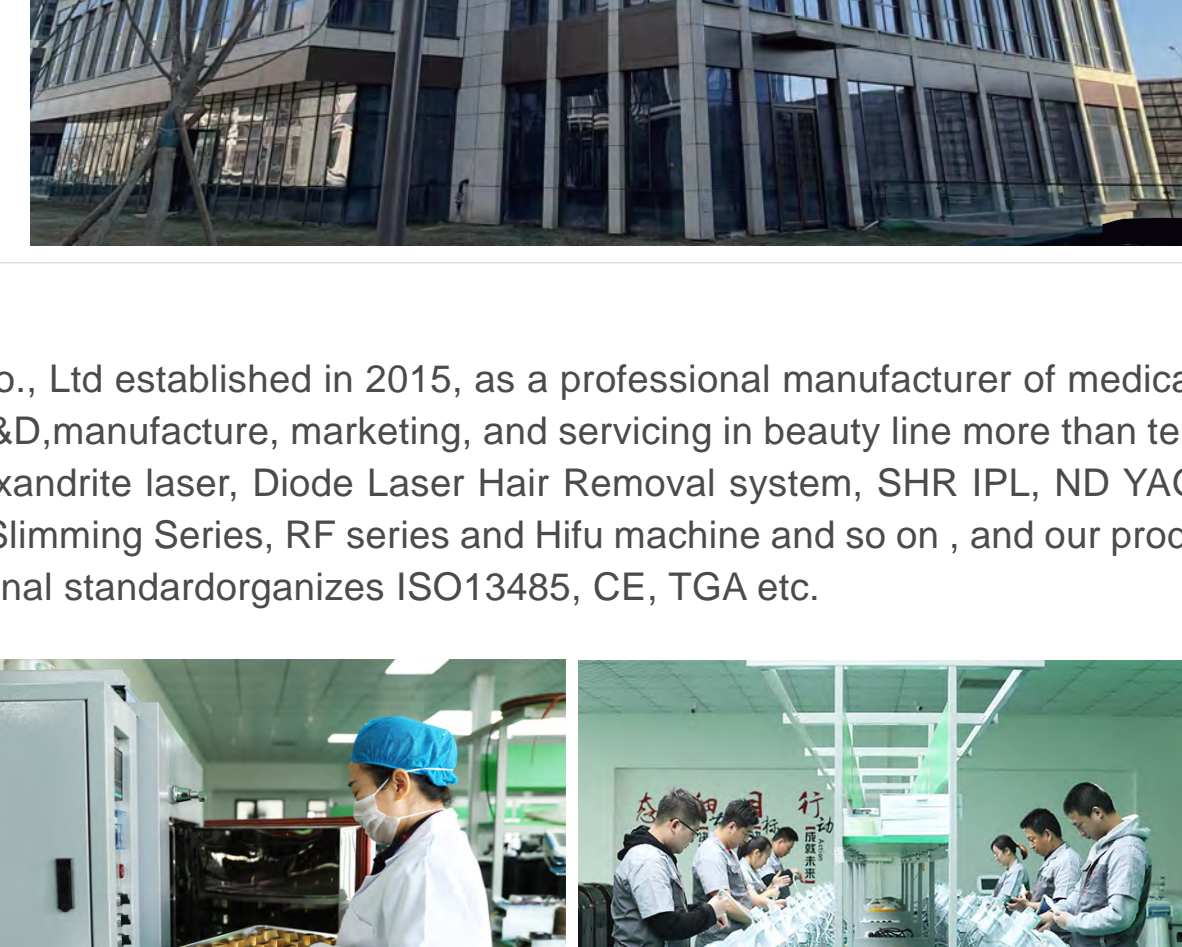

Address:  
 Röntgenstraße, 5 82152 Planegg,  
 ALTOLASER GmbH, Munich Germany

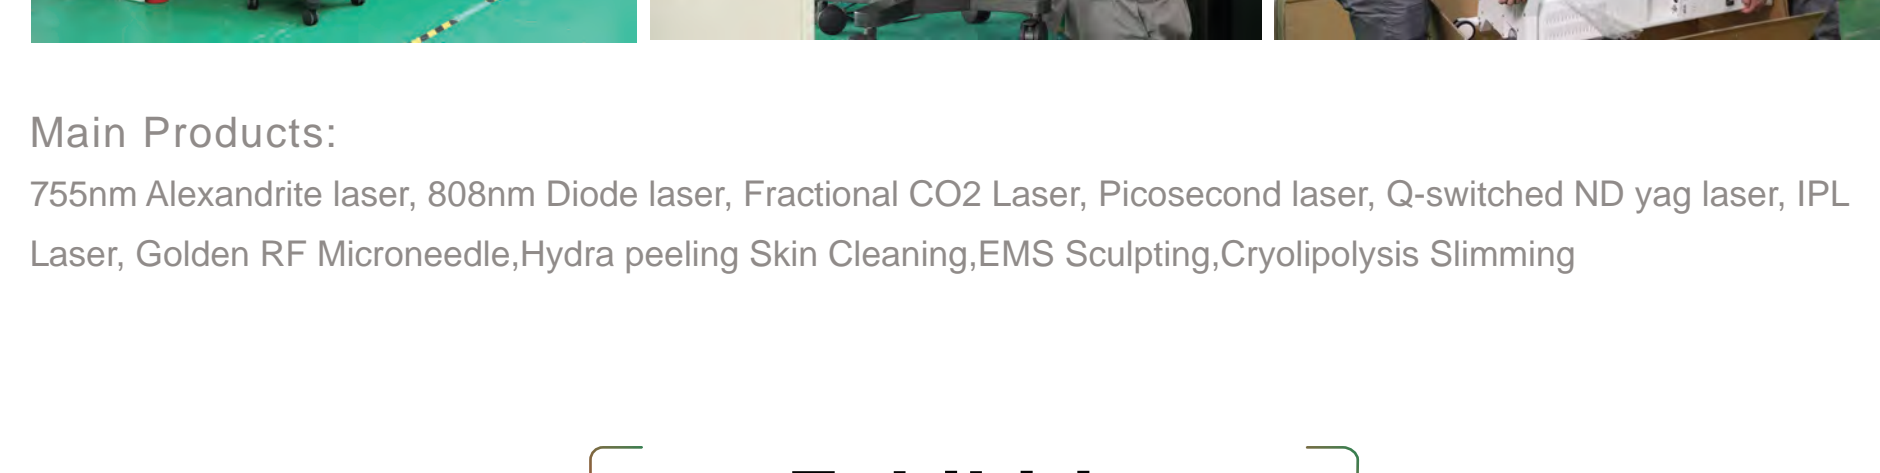

**Factory introduction**

**FACTORY ODM**

Has own Factory, Advanced Technology and supply stable  
 We are the best manufacturer, let's do business together

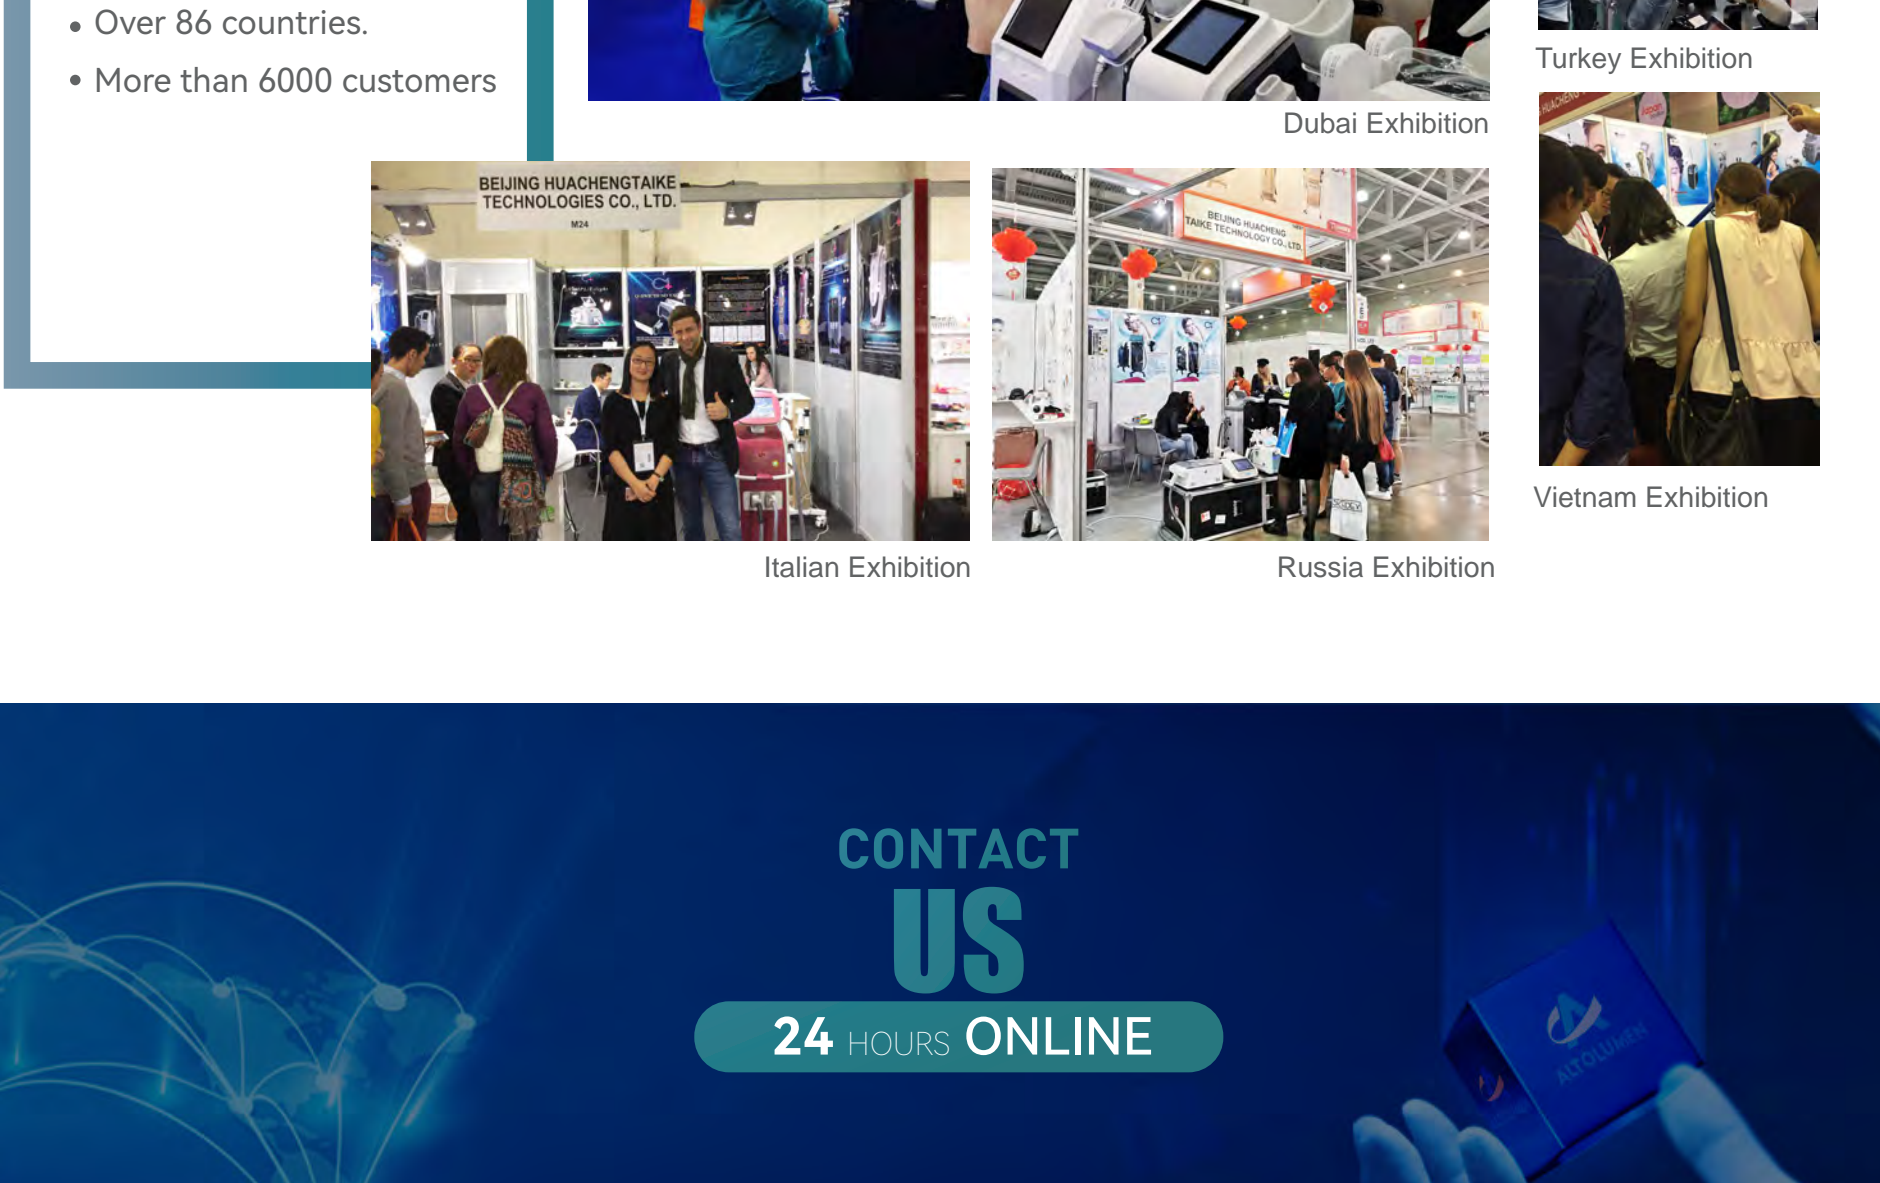

Beijing Huacheng Taiketechnology Co., Ltd established in 2015, as a professional manufacturer of medical and aesthetic equipment, we focus on R&D, manufacture, marketing, and servicing in beauty line more than ten years. Our products cover 755nm Alexandrite laser, Diode Laser Hair Removal system, SHR IPL, ND YAG Laser System, CO2 Fractional Laser, Slimming Series, RF series and Hifu machine and so on, and our products have been approved by international standard organizations ISO13485, CE, TGA etc.

Main Products:  
 755nm Alexandrite laser, 808nm Diode laser, Fractional CO2 Laser, Picosecond laser, Q-switched ND yag laser, IPL Laser, Golden RF Microneedle, Hydra peeling Skin Cleaning, EMS Sculpting, Cryolipolysis Slimming

**Exhibition**  
 Exhibition activities in multiple countries

**STRENGTH**

- 10 years of existence
- Over 86 countries
- More than 6000 customers
